

## EASY STEPS TO SET UP YOUR MiHealth/BioAnalytica app

First, you must download your app from either the Apple App Store or the Google Play Store. The following links to the MiHealth app should have been sent to your cell phone. The apps can also be found using the keywords "MiHealth" or "MiHealth Monitoring"

STEP 1

First, you must download your app from either the Apple App Store or the Google Play Store. The following links to the MiHealth app should have been sent to your cell phone. The apps can also be found using the keywords "MiHealth" or "MiHealth Monitoring"

After downloading the MiHealth app, open it and view the following screen.

1. Your username and password should have been sent in an e-mail upon registration.

2. Select "DrVoelker-SMH" as your Health Group

You will be prompted to set a 4 digit code to log on to the app. This is required to maintain HIPAA compliance and protect your data.

- Set a passcode Keep your app secure. Set a passcode. Enter Passcode Done From Messages 9336 1 3 2 6 4 5 7 8 9 0
